Free Flower Seeds
See Next Page
A flower garden for every Southern home is an idea that I should like to see fulfilled, and I am doing my utmost to help the thing along. It is really so easy to beautify the home grounds and requires very little care, and yet we see so many homes without the inspiration and decoration of pretty flowers. It has been my custom for years to give free flower seed to my customers, and this season I have prepared a most appropriate assortment for Southern yards. With each order of 50c or more I will include FREE four packages of fresh flower seeds, made up of the following varieties, as illustrated: (1) Double Poppy, (2) Cosmos, (3) Mexican Fire Bush, (4) Four O'Clock. Full descriptions and cultural suggestions are plainly printed on the packets, and I know the collection will please you.
REUTER'S SUPERIOR VEGETABLE SEEDS

Selected for Southern Gardens

Black Valentine Bean
No. 10—One of the most attractive green beans in the field, unexcelled for market gardeners, and unsurpassed for productive and shipping qualities. Pods are round, medium dark green, about six inches long and quite uniform in all markets. Ready for picking in about 45 days.

Prices: Pkt., 10c; lb., 40c; 2 lbs., 75c; 5 lbs., $1.25; 10 lbs., $2.50, postpaid. Not prepaid, by express or freight, peck (15 lbs.), $3.00; bu. (60 lbs.), $11.00; 100 lbs., $18.00.

Crosby Egyptian Beit Beet No. 54
Roots are flattened globe shape and very smooth. Bright red exterior color, flesh a bright vermilion red, zoned with a light shade, sweet, tender and of excellent quality. Small top and nearly stringless, desirable for bunching.

Prices: Pkt., 10c; oz., 15c; ¼ lb., 35c; lb., $1.00; 5 lbs., $4.50, postpaid.

Charleston Wakefield Cabbage No. 83—The finest spring cabbage ever grown. Heavily headed heads 10 to 12 pounds each, a sure header and regular for the South. Heads of equal size and very solid. Withstands severe weather, is a quick grower, two weeks earlier than flat-headed types, and is a heavy producer. Usually crisp and sweet and ideal for either home or market garden. Include this in your order.

Prices: Pkt., 10c; oz., 30c; ¼ lb., 90c; lb., $3.00, postpaid.

Tom Watson Watermelon No. 502—The greatest shipping watermelon. Extra long, of attractive appearance, uniform in shape, size and quality. Average are melon weights from 40 to 50 lbs., and often as much as 75 lbs., and measures 28 to 30 inches long and 13 to 14 inches in diameter. Skin is dark green with thick, setting all over, quite distinct from other sorts.

Prices: Pkt., 10c; oz., 15c; ¼ lb., 25c; 1 lb., $1.00; 5 lbs., $4.50, postpaid.

REUTER'S NEW WONDER MELON No. 607—

Fifty thousand Southern farmers declare this to be the finest home and market watermelon. Large and long in shape, resembling the Watson, but thicker and a dark, solid green. Seed is large and pure white. A heavy producer and in flavor and quality is superior to them all. Developed, introduced and controlled by Reuter—should be in every home garden. Seed supply limited. Order early or you'll be disappointed.

Prices: Pkt., 10c; oz., 25c; ¼ lb., 75c; 1 lb., $1.50, postpaid.

Alaska Peas (Earliest of All) No. 404—

A choice extra-early pea maturing in about 35 days. Vine medium height, about two and one-half to three feet. Pods are large and good size, about two and one-half to two and three-quarters inches long. Maturing is early and rapid, and blue pea, even in growth, early maturing and of excellent quality.

Prices: Pkt., 10c; lb., 35c; 2 lbs., 65c; 5 lbs., $1.50, postpaid. Not prepaid, by express or freight, peck (15 lbs.), $2.00; bu. (60 lbs.), $11.00; 100 lbs., $18.00.

Non-Warranty—Chris. Reuter does not give, nor does he guarantee, and employees are forbidden to give any warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs, plants, etc., he sends and he will not be in any way responsible for the crop.

Wardwell's Kidney Wax Bean No. 23—
One of the earliest, best, and hardest wax bean sorts. Plants become loaded with long, broad and flat, beautiful-colored pods which are stringless and of a rich glossy flame and exceedingly brittle; dried beans are a distinct kidney shape, six inches long and of unsurpassed smooth and evenly shaped quality.

Prices: Pkt., 10c; lb., 35c; 2 lbs., 65c; 5 lbs., $1.50; 10 lbs., $2.75, postpaid. Not prepaid, by express or freight, peck (15 lbs.), $3.00; ½ bu. (60 lbs.), $9.00; 100 lbs., $14.50.

Danver's Half Long Carrot No. 129—A half-long orange carrot, very productive and adaptable to all soils, a desirable second early sort. Tops medium size, mature roots of medium length, six to eight inches long, tapering uniformly to a blunt point.

Prices: Pkt., 10c; oz., 15c; ¼ lb., 35c; lb., 90c; 5 lbs., $4.00, postpaid.

New Orleans Market Eggplant No. 236—A long, dark purple variety that is absolutely distinct and perfectly adapted to the South. Plants grow large and high, sometimes five feet, and bear fruit entirely off the ground. Fruit is of upright shape, it resists heat and drouth. Its color is deep purple, sometimes showing a tinge of red, very large in size, oval in shape, absolutely spineless, and of highest quality. Best for home and shipping.

Prices: Pkt., 20c; oz., 50c; ¼ lb., $1.50; 1 lb., $5.50, postpaid.

Royal King Pepper No. 427—Developed and perfected in the South. The finest for home or market use. Very prolific, fruit of brilliant color, very glossy, of large size; the flesh is very short and mild; uniform in shape and size. My seed runs remarkably true to type and produces strong, stocky, “erect plants.” A certain money-maker for the market or commercial gardener.

Prices: Pkt., 10c; oz., 40c; ½ lb., $1.25; 1 lb., $4.00, postpaid.

Prolific Early Market Peas No. 408—
A smooth white-seeded extra early sort, with large, tall vines and of remarkable productiveness. It yields 30 to 40 bushels to the acre, far surpassing any other strain of extra early peas of which I know. Quality of the very best and one of the sweetest and finest flavored of the earliest smooth varieties.

Prices: Pkt., 10c; lb., 35c; 2 lbs., 65c; 5 lbs., $1.50, postpaid. Not prepaid, by express or freight, peck (15 lbs.), $3.00; bu. (60 lbs.), $11.00; 100 lbs., $18.00.
Special MARKET GARDENERS’ Varieties

GUINEA GREEN STRIPED CASHWOW PUMPKIN No. 445
The finest pumpkin for the table and garden, grown by local market gardeners. Large, with crook neck, color creamy white, irregularly striped or traced with green; flesh light yellow, rather coarse, but sweet. Very hardy, insects or diseases rarely bother them. Can be grown among corn and makes heavy yields. Good for table and stock. The seed I offer is genuine stock, produced from my own pure stock seed.

Prices: Pkt., 10c; oz., 20c; 1/4 lb., 50c; 1 lb., $1.75, postpaid.

Cincinnati Market Radish No. 463—
A standard market radish and a splendid long variety for market gardens. Skin is scarlet colored and very thin; flesh is crisp, brittle and of a delightful flavor. Roots are slender and before becoming pithy are often six to eight inches long by about five-eighths of an inch in diameter at shelf.

Prices: Pkt., 10c; oz., 15c; 1/4 lb., 25c; 1 lb., 50c; 10 lbs., $7.50, postpaid.

Peerless June Pink Tomato No. 557—
A good shipper and fine for the table. A highly developed variety, and will produce an attractive purplish-pink tomato of fine quality and as early as the Earlie. Fruits large, nearly round, very smooth and solid in color. Roots are uniform and prolific. It is as sure as the seedless as the Ponderosa. Mine is an especially good strain and is planted by many of the large commercial growers.

Prices: Pkt., 10c; oz., 40c; 1/4 lb., $1.35; 1 lb., $4.00, postpaid.

Improved American Rutabaga No. 591—
An improved strain and the finest sort to sow in the South. Whether grown in the table or stock for feed, you'll find this variety best of all. My seed will produce a root with a small top of uniform size and shape and with a single tap root, a root of high feeding quality, fine flavor and uniform size and with good root. This strain is a splendid market variety. A rapid grower, heavy cropper and fine quality. My seed is superior to most stock offered under this name.

Prices: Pkt., 5c; oz., 10c; 1/4 lb., 25c; 1 lb., 75c; 5 lbs., $3.00, postpaid.

Reuter’s True Tenerife Grown White or Yellow Bermuda Onion No. 365—This is the standard variety for the commercial grower and none is more suitable or desirable for the home garden. It is a light straw colored onion and because of the extreme care given to our seed in the growing you can depend upon early maturity, fine uniform color and decidedly heavy yield.

My seed is grown under expert supervision in Tenerife and comes to me in sealed tins, free from any contamination or mixture. Be sure to include this splendid onion in your order.

Prices: Pkt., 10c; oz., 40c; 1/4 lb., 65c; 1 lb., $1.25; 5 lbs., $4.00, postpaid.

Early Scarlet Turnip White-Tipped Radish No. 461—If you wish to have a white- and first round white-tipped radish, this is the strain. Skin is of a rich scarlet color, firm, white. Extremely quick in maturing, being ready for the table in 20 days from time of sowing. Skin is smooth and the flavor extra fine. A quick-selling sort for market gardeners and equally as desirable for the home table. My seed is extra choice and is grown expressly for me under contract.

Prices: Pkt., 10c; oz., 15c; 1/4 lb., 25c; 1 lb., 50c; 10 lbs., $7.50, postpaid.

Reuter’s Certified Seed Potatoes—
Northern grown and quick maturing. Certified by State of Wisconsin as being free from disease and varied mixture, this is pure certified, large, uniform and prolific and has larger profits. Only strong, producing plants in the finest certified Seed. Like produces like and you will be assured of a splendid crop. Don’t confuse this Certified Seed with ordinary so-called seed potatoes. Supplied only in Red Triumph and Irish Cobbler varieties.

Prices: Peck (15 lbs.), $1.50; bu. (60 lbs.), $5.00; 2 bu. bags, $9.00.

These prices are subject to change without notice for market prices when ready to buy.

Reuter’s Big 7-Ounce Turnip Collection No. 900—This is a collection that will give any Southern family a full supply of large, medium- and late turnips. Large, full, large pack- ets. Grown on certified land. Extra Early White Egg, Purple Top Strap Leaf, Early White Flat Dutch, Peerless Purple Top White Globe, Large Snow White Globe, South, Wisconsin and Peeler purple Top Rutabaga. Seven ounces, 7 varieties 25c, postpaid.

Choice Onion Sets—
Largely planted in home gardens for green onions.

Red Wethersfield—A very hardy onion and a good keeper.

Yellow Onion—A globe-shaped yellow onion.

Prices on above: postpaid, 1 lb., 10c; 2 lbs., 15c. Not prepaid. Peck (8 lbs.), $1.40; bu. (32 lbs.), $7.50. Extra Early White Skin—A large, white onion, commonly known as the White Portugal or Spider Skin onion.

Prices: Postpaid, 1 lb., 40c; 3 lbs., $1.00; 5 lbs., $1.50. Extra Early White Skin (8 lbs.), $1.50; bu. (32 lbs.), $7.50.
**Reuter's SELECTED Recleaned FIELD SEEDS**

**Davis' Prolific Seed Corn No. 747**

The most popular variety of all of my cobs. Hard enough to be sound, tips well covered to resist weevils, and not so hard that one can easily eat it. Two or more ears to the stalk, medium ears, very much wedge-shaped grain and small cob. Ears medium in size, filling close in the rows and well out at the tip and butt. A splendid stock corn, a good meal maker and splendid for silage. Tests show 70 pounds of ear corn will shell out 60 to 62 pounds of grain, or 86 per cent. I sell only the pure, originator's seed stock.

Prices: By mail, postpaid, 1 lb., 25c; 2 lbs., 45c; 5 lbs., 90c; 10 lbs., $1.75. Not prepaid, by express or freight, peck (14 lbs.), $1.25; bu. (56 lbs.), $4.00. Write for quantity prices.

**Sudan Grass Seed No. 825**

A sweet, heavy-yielding, drought-resistant grass that will grow well in all Southern states. Stock relish it and it will produce more tonnage than any other forage. Can be cut with mower and cure like any other hay, will provide two to three cuttings and yields of three to five tons per acre. Its feeding value equals that of Johnson grass yet it never becomes a weed in fields where it has been sown. Requires seeding every year. Much impure seed is marketed each season—you'll get nothing but true-to-name seed from me.

Prices: By mail, postpaid, pkt. (4 oz.), 10c; 1 lb., 35c; 2 lbs., 60c; 5 lb., $1.25. Write for quantity prices.

**Early Amber Cane No. 901**

A highly desirable forage crop for Southern farms. This is an extremely early sort and in many sections of the South two cuttings may be obtained. More cheaply grown than corn, with its fodder practically equal in value to corn, it produces much better yields. For green feed, cured hay, silage, this variety has no superior. Great care and experience are essential in raising my cane seed and you may feel assured of getting choice, new-crop, true-to-name, recombined seed. Don't overlook this variety as a forage crop.

Prices: By mail, postpaid, pkt., 10c; lb., 30c; 2 lbs., 50c. Write for quantity prices.

**White Kaffir Corn No. 891**

A drouth resistant, sorghum growing four to six feet tall, of upright growth, strong stem, wide leaves, makes excellent fodder. Seed heads are prolific and are six to fifteen inches in length. Fine for green feed, for fodder or for grain.

Prices: By mail, postpaid, pkt. (4 oz.), 10c; 1 lb., 35c; 2 lbs., 40c. Write for quantity prices.

**Reuter's Surecropper Corn No. 754**

This variety is a dependable, quick maturing corn that is superior to the Mexican June and without that variety's disadvantages. It will give satisfactory yields on poor land and much on rich soil. It can be planted early for a quick crop and sown late for a follow-up. Highly resistant to heat and drouth. Large white grains on a white cob, ears not so large as some others, makes roasting ears in about 80 days and is ready for harvest in about 110 days. It yields $2.50 to $7.50 per cent and is two weeks earlier than native corn. It is adapted to every cotton state.

Prices: By mail, postpaid, pkt., 10c; lb., 25c; 2 lbs., 45c. Not prepaid, by express or freight, peck (14 lbs.), $1.25; bu. (56 lbs.), $4.00.

**Genuine Dwarf Milo Maize No. 896**

One of the greatest drought-resistant among all the sorghums. Grows only about four feet, with small stalk as compared with the ordinary Milo. Stalks are short, but large, and stand up well. Heads and seeds large. Earlier than Kaffir or standard Milo. Yields from 60 to 100 bushels to the acre. A straight-necked variety, making it easy to gather, to feed and to cut the heads. Produces a feed that, in one form or another, will be eaten by every animal on the farm and is very fattening.

Prices: By mail, postpaid, pkt. (4 oz.), 10c; 1 lb., 35c; 2 lbs., 40c. Write for quantity prices.

**Feterita—The Great Drouth Crop No. 894**

A great forage crop, increasing in popularity, similar to Kaffir but grows a little taller and produces larger heads, standing erect. Stalks bear ten to twelve leaves, heads well filled with white or bluish white seeds. Grain larger than Milo and softer than Kaffir, and yields considerably more than the other Milo. Feterita will flourish while corn is burning up with heat. About a month earlier than Kaffir. I have never been able to obtain sufficient stock to supply demand, so I suggest that you order early. My all seed carefully recombined in my own warehouse.

Prices: By mail, postpaid, pkt. (4 oz.), 10c; 1 lb., 30c; 2 lbs., 50c. Write for quantity prices.

**Reuter's Improved Golden Dent Corn No. 760**

An improved type of a hardy Texas grown yellow variety that is declared to be the best high yielding yellow corn for the cotton states. Crop Improvement Association and Experiment Stations in Texas, Arkansas and Louisiana recommend this type as the standard yellow dent corn for the South. It is a medium early variety, usually maturing from 130 to 139 days from planting, ears blocky and well shaped, ordinarilys measuring seven to nine inches long and about the same in circumference. Makes a strong stalk that stands up in storm weather, and a large number will bear two ears. Shells out 80 to 85 per cent. It is a very hard variety and yields over 150 bushels per acre on either uplands or bottoms.

Prices: By mail, postpaid, pkt., 10c; 1 lb., 25c; 2 lbs., 40c. Not prepaid, by express or freight, peck (14 lbs.), $1.25; bu. (56 lbs.), $4.00.

**Reuter's Giant Red Cob Corn No. 748**

Unquestionably the finest large eared Southern field corn that you can plant for a main crop. It is large-grained, exceptionally productive, of high feeding and remarkable milling value, and for allage is unsurpassed. Stalks are 9 to 12 feet high, broad, strong and short-pointed; ears 8 to 12 inches long, 16 to 22 rows, deep grain, pure white, with red cob, averaging two large ears, and sometimes three, with foliage broad leaved and full; the finest, large, white red-cob corn I have ever seen South or North. It is medium early, maturing in 100 to 120 days. My seed is strictly Southern grown, of highest vitality, germination 95 per cent or better.

Prices: By mail, postpaid, pkt., 10c; 1 lb., 25c; 2 lbs., 45c. Not prepaid, by express or freight, peck (14 lbs.), $1.25; bu. (56 lbs.), $4.00.
SELECTED SEEDS for SOUTHERN NEEDS

Lespedeza or Japan Clover No. 733—The best clover for spring planting for the South. It thrives on poor soils and continually improves them while yielding a highly profitable and nutritious hay. Yields of four tons to the acre are not rare. It has brought to many sections of the South the great benefits that Alfalfa has obtained for the West. Seed is not plentiful and I urge you to order early. My stock is genuine, reaeled and new-crop seed.

Prices: By mail, postpaid, pkt. (4 oz.), 15c; lb., 50c. Write for our best prices on large quantities.

Alfalfa—New Mexico No. 701—A variety particularly adapted to Louisiana, Mississippi and adjacent states. It has brought Alfalfa-prosperity to localities that never before were able to produce this money-making crop. Choice, new-crop, thoroughly reeled seed.

Prices: By mail, postpaid, pkt. (4 oz.), 20c; lb., 60c; 10 lbs., $5.00. Write for our best prices on larger quantities.

Hairy Peruvian No. 702—A long-season, vigorous growing sort, especially adapted to the South and Southwest, producing frequently three tons more to the acre than ordinary alfalfa. Will thrive at a temperature of ten degrees colder than common alfalfa and will not winter-kill above ten degrees above zero. My stock is genuine and of high quality.

Prices: By mail, postpaid, pkt. (4 oz.), 25c; lb., 75c; 10 lbs., $6.50. Write for our best prices on larger quantities.

Cow Peas—Clay No. 795—The most popular pea in the South.

Whippoorwill No. 797—A favorite early bunch-growing variety.

Unknown or Wonderful No. 799—The largest growing and most vigorous of the Cow Peas.

New Era No. 799—An early upght-growing variety; seed smaller than most others.

Mixed No. 805—For forage and pasture purposes a mixture serves admirably.

Prices on above: By mail, postpaid, pkt. (4 oz.), 10c; lb., 25c; 2 lbs., 45c. Write for quantity prices.

Velvet Beans—Osecola No. 712—A hybrid, larger than the Early Speckle, more productive and earlier. Entirely free of itching fuzz.

Prices: By mail, postpaid, pkt., 10c; lb., 25c; 2 lbs., 45c. Write for quantity prices.

Extra Early Speckle No. 713—Probably the most popular variety planted in the South. A quick grower, maturing early, very prolific.

Prices: By mail, postpaid, pkt., 10c; lb., 25c; 2 lbs., 45c. Write for quantity prices.

Soy Beans—Mammoth Yellow No. 707—Largest growing and more generally planted than any other Soy. Grows three to five feet high, matures in 120 days.

Prices: By mail, postpaid, pkt., 10c; 2 lbs., 45c. Write for quantity prices.

Peanuts—Spanish No. 865—The popular variety for feeding, forage and oil-making. Under favorable conditions will mature in 90 days. A small podded variety, very productive, stems upright, foliage abundant and heavy. Pods clustered about base of plant, usually two seeds in a pod, the pods adhering well to plant in digging.

Prices: By mail, postpaid, lb., 35c; 3 lbs., $1.00. Write for quantity prices.

Tennessee Red No. 865—One of the best varieties, adapted to black, waxy land, but does well on sandy soil. Pods contain three large kernels each. Very productive.

Prices: By mail, postpaid, lb., 40c; 3 lbs., $1.00. Write for quantity prices.

Cotton Seed Buyers—Your special attention is called to the fact that every pound of Cotton Seed offered by Reuter is absolutely free from disease of any kind, including Pink Bollworm. My seed is all grown for me in the Carolinas and Georgia, thousands of miles from infected territory, every pound of it is inspected and officially pronounced free from Pink Boll Worm. All of my cotton is specially ginned, selected and is absolutely true-to-name and type. Increase your yields and profits by planting my extra-choice seed.

Prices: By mail, postpaid, lb., 30c; 3 lbs., 75c. Not prepaid, by express or freight, peck (7½ lbs.), $1.00; bu. (30 lbs.), $2.75; 100 lbs., $25.00.

Early King Cotton No. 781—A quick and prolific boll maker that matures its crop early enough to insure a profit in spite of the boll weevil. Blooms in 60 days, ready to pick in about 115 to 120 days. Small boll, short, staple, perfectly bred, and an enormous producer of lint cotton. My seed is strictly Carolina grown, free from disease and positively without any chance of infection of Pink Boll Worm. Better send in your order for this weevil dodger early.

Prices: By mail, postpaid, lb., 30c; 3 lbs., 75c. Not prepaid, by express or freight, peck (7½ lbs.), $1.00; bu. (30 lbs.), $2.75; 100 lbs., $25.00.
**Reuter's Oriental Collection of Vegetable Seeds**

This Wonderful Novelty Collection

FOUR PKTS. FREE POSTPAID

This Collection of Oriental Vegetable Seeds is imported by us direct from China and will produce wonderful vegetables never before seen in your neighborhood. The Chinese are said to be the most wonderful gardeners in the world. These varieties of native vegetables are among those that are most famous in the Orient. The collection includes One Packet Each of Chinese Mustard, Chinese Swiss Chard, Chinese Radish and Chinese Cabbage, each and every one decidedly different than our American varieties and all wholesome and of delicious, savory flavor.

How to Get the Collection Free I want to become acquainted with more of your neighbors and friends and you can "introduce" them to me, if you will. This Oriental Collection is rather expensive but if you’ll fill out the blanks on the reverse side of this sheet with the names and addresses of ten neighbors who have farms or gardens, and send it to me with an order for seed amounting to 20 cents or over, I'll send you this wonderful Oriental Collection free and postpaid. Read other side.

FILL OUT AND MAIL WITH SEED ORDER

Collection Sent Free Only When Names Accomp-
pany Seed Order Amounting to 20c or Over

This Collection of Oriental Seed is too valuable for me to send out in unlimited
quantities and I am obliged to confine the gift to customers. The small amount of 20c
or more need not prevent you from obtaining this novelty collection for you are certain
to need at least a few packets of Flower or Garden Seeds for spring. Please write
names and addresses carefully and plainly. No collections will be sent and no lists
returns acknowledged if sent in without an order for seed. Fill out the Blank now,
make up your seed order, send both together and the Oriental Collection will be
promptly mailed to you, postpaid.

CHRIS. REUTER,
New Orleans, La.

I give you below the correct names and addresses of ten of my friends and neigh-
bors. Each name is the head of a family that regularly plants garden or farm seed.
For this list of correct names and addresses of seed buyers you are to send me, by
next mail, postpaid, your Oriental Collection of Seeds, provided, this list of names,
when mailed to you, is accompanied with an order for seed amounting to 20c or more.

Mail to CHRIS. REUTER, New Orleans, La.
Here are listed just a few of the more popular varieties of Flower Seeds that are ideal for Southern homes. In this limited space it is impossible to give complete descriptions, but readers are probably familiar with most, if not all, of them. In my big, illustrated 1921 Catalog will be found practically every variety of Flower Seed suitable for the South. My Flower Seeds are all fresh, selected stocks, grown by the most experienced and reputable growers and will give entire satisfaction. Make up an order from this page and if there are others that you want you will find them in the big catalog which will be mailed you upon request.

**Reuter’s GAY BLOOMS For Southern Gardens**

A choice selection of flowers suitable for any home garden at a genuine bargain price. Thousands of this collection were distributed throughout the South last season, and my Spring 1921 Collection of Gay Blooms is even better assortments. You get fresh, new-crop, high-germinating seed, and with each collection I send my helpful Bulletin, "How to Succeed With Flowers." Here are the varieties:

1. Sweet Alyssum
2. Gallardia Mixed
3. Columbine Mixed
4. Balsam (Lady Slipper) Mixed
5. Canterbury Bells Mixed
6. Sweet Sultan Mixed
7. Double Chrysanthemum Mixed
8. Datura Mixed

15 packets of each, 50c, postpaid.

I reserve the right to substitute another variety for any one of the above named sorts in case my supply of any becomes exhausted.

15 Packets One of Each $1.50 POSTPAID

**ZINNIA**
REUTER'S
ACRE-SIZE GARDEN COLLECTION

30 PACKETS VEGETABLE SEEDS
POSTPAID: $1.00

More than 10,000 family gardens were planted last season from this collection. It is without a doubt the greatest home-garden seed bargain ever offered by any Southern seedsman. The selection of the varieties, the choice of the fresh, new high germinating seed that goes into each packet, and the remarkable quantity of seed offered, should induce every reader of this page to include the collection in the first order. The varieties are all thoroughly tried and proven for Southern use and are the identical seed stocks that I supply to thousands of critical market gardeners in the great commercial truck sections of the South. The collection contains a sufficient quantity of seed and so wide a variety of vegetables that a family may have a garden practically all year. Be sure to head your order with this collection.
